Why choose Carbonite backup services?

Because your life is on your computer

Have you considered how much of your life is on your computer? Photos, emails, music, financial records, documents, and so much more. How would you feel if you woke up tomorrow and everything was gone?

RECOGNIZE A VERY REAL DANGER

The statistics are staggering: every year 43% of computer users lose irreplaceable files. Dangers lurk around every corner - hard drive crashes, theft, power surges, natural disasters, or accidentally deleting your own files. You need to be aware that losing your most valuable files is a very real possibility. You need to take proper precautions.

PROTECT YOURSELF WITH CARBONITE

Sign up for a risk-free trial and discover how easy it is to securely protect the irreplaceable contents of your computer.

Why order through Computer Works?

Because as a value added reseller we are able to not only help setup your service but we can also help manage your backups and monitor whether your backups are working correctly or not.
